# Our 75<sup>th</sup> Anniversary Catalog

# SEND YOUR OLD RUGS, CARPETS CLOTHING, etc. Regardless of Colors!

**G**ATHER up *all* the Old Rugs, Carpets, Clothing, etc. you can find and send them to us at one time just as they are. We do the rest! You may order any rug in this book, regardless of the colors in your materials. It does not matter whether the material you send is all old carpets or rugs—or a part of it is clothing. Don't hesitate to send worn materials. There is more good material in them than you may imagine. We guarantee every Olson Rug will be the same high standard of quality. We can use any of the following kinds of old carpets and rugs:—

Axminsters	Wiltons	Smyrnas	Frieze Twist
Velvets	Broadloom	Tapestry	Oriental
Brussels	Olson Rugs	Fluff Rugs	Ingrain

or any other kind of wool carpet or rug

**Old Clothing and Other Materials.** As you know, lots of the clothing we wear contains re-used and re-processed wools. The materials in wool clothing can be used to good advantage in the wool surface of the rug. You may send:—

**Wool**—Sweaters, Coats, Suits, Shirts, Dresses, Skirts, Blankets, etc. (Knitted woolen things are especially good.)

**Cotton**—Shirts, Sheets, Pillow Cases, Table Covers, Toweling, Curtains, Draperies, Bed Spreads, etc. Cotton and other materials are used in the inner construction of the rug.

We Cannot Use: silk, rayon, cotton quilts, mattresses, rug pads.

**If You Lack Enough Material**—you can probably get some from friends. If you still lack the required pounds, we can furnish our carpet wools (if you wish) at 35c a pound.

## If You Have No Scales

The following will give you the approximate weight of your old carpets and rugs.

Your old 9 x 12 ft. Rug will weigh:

Wilton and Other Fine Grade Rugs..... 40 to 55 pounds  
Better Grade Axminsters and Velvets..... 30 to 38 pounds  
Tapestry Brussels and Low Grade Velvets.. 20 to 25 pounds  
(Other sizes in proportion) The average weight of the old carpets or rugs is 2 to 4 pounds to each square yard.  
(New Olson Rugs, 9 x 12 ft. size, weigh about 45 pounds)

## If You Have More Material Than Required

Many customers gather together *all their old carpets, rugs, old clothing, etc.*, and when they have 50 to 200 pounds or more they ship it *all* by *Freight at Our Expense*—and we send them a *Credit Certificate* for the surplus. They get the materials out of the way—and we save freight on the one larger shipment.

## If You Are Not Ready to Order, but Wish to Get Your Materials Out of the Way—

—**Why Not Make One Large Freight Shipment Now at Our Expense.** Write your name and address clearly on your **FREIGHT RECEIPT** (or on a piece of paper) and say—"I am shipping \_\_\_\_\_ pounds, I'll order later."—**and Mail both of them to us.** We will prepare your materials and send you a Credit Certificate for the pounds you sent as shown below.

Process.

# How the Valuable Materials in OLD RUGS, CARPETS, CLOTHING

ARE CONVERTED INTO NEW, REVERSIBLE,  
BROADLOOM RUGS BY THE OLSON PROCESS

**W**OULD'N'T you like to look behind the scenes of America's finest modern rug factory and see a few of the many wonders of scientific rug weaving that have thrilled our thousands of visitors—including the Decorating Editors of practically every woman's magazine, Home Making experts from leading Radio stations, writers, textile engineers, club women, church societies, teachers, college students, etc.

I am sure that if I could conduct you in person from one end of this plant to the other, you would understand why it is possible for us to offer a new and finer type of rug than can be secured elsewhere at twice the price. You would then understand why over two million women, accustomed to paying high store prices for one-sided Axminster, Velvet and Wilton rugs, now prefer to send their old materials to us and get modern, reversible rugs *Direct from the Olson Factory*, where there are no wholesalers', jobbers', retailers' profits or expenses to pay.

Soft, fluffy  
wool that has  
been reclaim-  
ed from old  
materials.

**You Could Spend Days Here** inspecting literally acres of the most modern rug making machinery—shredding machines—carding, washing and scouring, sterilizing, pickering, bleaching machines—great steaming dye vats—row after row of looms which for speed and efficiency have never been excelled.

What thinking man or woman fails to get a real thrill out of a worth while economy? This is why, included in our list of customers, you will find the names of three Presidents of the United States, well known Governors, a distinguished daughter of a famous president, an Eastern financier, etc.

**Our Process is a Natural One.** For years, steel, iron, tin, glass and many other materials have been reclaimed. Everyone knows that many fine writing

papers are made with discarded clothing. By the Scientific Olson Process we are able to reclaim the good seasoned wools that remain in all old rugs, carpets and clothing no matter how worn they appear to be.

**This Is The Day of Specialists.** I am sure you would marvel at the magnitude of this largest of modern rug plants with its hundreds of expert weavers, dyers, chemists, skilled artisans, engineers and specialists of

all sorts most of whom have spent a lifetime perfecting their departments.

These new and finer type Olson Rugs are the crowning achievement of our 75 years of constant effort. Please do not confuse Olson Rugs with rugs made in the ordinary way from old carpets and rugs. They are absolutely different. Every Olson Rug is woven (next page)

An accurate picture (actual size) of a piece cut from an Olson Rug to show the sturdy construction and deep pile on both sides (almost 1/2-inch thick).

VOLUME No. 142

Continuous washing, scouring, sterilizing, bleaching and dyeing machine 75 feet long.

Great carding machines where the material is carded and combed into long, fluffy strands.

ABOVE: Here the old materials are cut and shredded—the good wools separated and prepared for carding.

BELOW: Spinning and twisting the yarn.

*A few of the great looms that weave the beautiful, high-pile Olson Rugs shown in this catalogue. We have developed new methods of weaving which for speed and efficiency have never been excelled.*

*A section of one of our extensive weaving departments. Our new looms are the finest that human ingenuity can construct. Their speed and accuracy enable us to offer you finer rugs for less money.*

*This illustration shows the 4-ply warp (4 strands) we use. Compare it with the 3-ply warp used in so many rugs.*

with the same painstaking care and attention to detail that is employed in the weaving of the finest high priced Wilton Rugs.

**By the Famous Olson Process,** we sort, merge and reclaim the good wool and other materials in all kinds of old carpets, rugs, clothing, blankets, draperies, etc. We thoroughly scour, sterilize, shred, picker, card, comb, bleach and combine it into soft, fluffy, sanitary wool that looks and feels like costly new materials. This material is steamed and scientifically "treated" to give it fresh, new luster and resiliency—tightly spun, wound into skeins, expertly dyed with the finest of dyes, and woven on great power looms into luxurious, modern, seamless, reversible rugs as illustrated.

By our elaborate process of scouring, cleaning and boiling, every particle of dirt, all stains, etc., are removed. No germs could possibly survive

this thorough sterilizing. The finished rug is immaculately clean, fresh and sanitary.

**It Has Taken Us Over Half a Century** of painstaking effort and constant improvement to make these finer Olson Rugs the excellent floor covering they are today.

If you will divide the cost of an Olson Rug, which can be used on both sides, by the greater number of years of wear and satisfaction it will give you, you can come to only one conclusion, "it is true economy to send in your old carpets, rugs and clothing and get beautiful, new reversible rugs at half the price of an ordinary one-sided store rug." We promise a pleasant surprise.

Read our famous 75-year-old Guarantee of "Satisfaction or Your Money Back," printed on the center page.

You cannot lose a penny. That is why we say "Send us Your Materials now and Try Olson Rugs at our Risk."

**BELOW**—A view of some of our large steaming and shearing machines through which all Olson Rugs must pass so that the nap on both sides is luxuriously soft and smooth.

*A section of our new dye house, one of the largest and best equipped of its kind. Only the finest dyes are used, which are boiled into every particle of yarn.*

*A small section of our spinning division showing some of the immense machines 125 feet long, that spin the wool into firmly twisted, high-grade rug yarn used in Olson Rugs.*

# WE PAY FREIGHT CHARGES

*On Your Old Materials (if 30 Pounds or More)*

**FROM ANY PLACE IN THE UNITED STATES**

## How to Order and Ship—It's Easy!

**R**OLL UP ALL the old carpets, rugs and clothing you have just as they are without wrapping (30, 50, 100 pounds or MORE)—tie securely with ordinary rope or cord—attach our shipping tag and then . . .

'PHONE your nearest local Railroad Freight Office and tell them to pick up your material at your home; and

**SHIP IT ALL AT ONE TIME BY  
FREIGHT—AT OUR EXPENSE IF IT  
WEIGHS 30 POUNDS OR MORE!**

**MODERN FREIGHT SHIPMENTS ARE FAST.** Your material will reach us in 2 to 5 days. All railroads deliver to our doors over our own side tracks. No rehandling. No delays.

### Be Sure To Mail Us The Shipping Receipt

The railroad will give you two receipts. You keep one and *MAIL* the other to us in the same envelope with your order blank. Please do *NOT* put them in your bundle. We must have this shipping receipt since we pay the shipping charges and guarantee the safe arrival of your material. Our customers pay the small shipping charges on the finished rugs.

**Please Write Your Order on One of Our Order Blanks.** It's simple, complete and helps to avoid delays. Fill in the Sizes and the Pattern Numbers of the rugs you want and the approximate number of pounds of old materials you are sending. Enclose, along with your order blank, any Credit Certificates you now have for materials from previous shipments. That's all—we do the rest. We'll send you a Credit Certificate for any material left over from your order.

### Why Shipment Should Be 30 Pounds or More

One of the reasons we have been able to maintain our high quality and low factory-to-you prices is because we have eliminated all unnecessary expenses. Small orders and small shipments of old materials are expensive to handle.

**So please try to get enough material together to make a 30, 50, 100 pound bundle OR MORE so that you can ship it all in ONE SHIPMENT by FREIGHT—AT OUR EXPENSE.**

We pay no more for a 100 pound freight shipment than for a smaller one. Figure your complete rug needs and if possible order at one time all the rugs you need now. If not satisfied, we will refund your money without question, as stated in our 75 year old Guarantee.

*All railroads deliver to our doors over our own side tracks. No delays.*

## SMALL BUNDLES

**(Under 30 Pounds)**

**B**UNDLES under 30 pounds must be shipped *Prepaid* at the customer's expense. We suggest PARCEL POST or EXPRESS 2nd Class for these small shipments. Be sure to tell us on your order blank how you are sending and the approximate number of pounds. If you are shipping by Express, please MAIL your Express Receipt to us (with your order blank) which we must have because we guarantee the safe arrival of your material.

### "So Cheerful, Inviting"

"I have just placed on my dining room floor, the handsome rug received from you. It looks like a million dollars — so attractive, so cheerful, so inviting. Years ago, I ordered several rugs from you. They have worn like iron, still look as good as new."

## Early American

*Design of Rare Charm*

THERE is a charm about things Early American to which nearly everyone sooner or later succumbs. "The tremendous popularity of Early American continues," writes the Decorating Editor of the Ladies' Home Journal magazine.

There is something homey, refreshingly gay, friendly and typically American about this sturdy seamless, reversible broadloom rug that goes well with so many furnishings. Just picture the charm of this lovely inexpensive rug in your home, with its soft practical Rose Taupe, Walnut Brown, Rust and Copper tones.

### "Friends are Enthusiastic"

"To say I am delighted expresses my enthusiasm feebly. I can't believe there was enough material for the four extra throw rugs. I'd have considered myself lucky to find two. My friends are enthusiastic and three of them plan to send you their old rugs and materials."

Mrs. F. G. Wamsley, Clarksville, Ia.

Only from the OLSON FACTORY Can You Get

## "FINISHED" RUGS IN SO MANY SIZES

Unusual and Extra Large Sizes for Every Possible Need

THE correct size rug for almost every conceivable size room is shown on each page—more rug sizes than you will find anywhere else in the United States. Only in a very exceptional case would it be necessary to order a "SPECIAL SIZE RUG."

Savings are greatest if you order from the 43 regular sizes shown. However, we are able to weave "SPECIAL SIZES" in 13 different WIDTHS up to 16 feet by ANY LENGTH at the prices shown at the bottom of each Price List.

Naturally, the price on these "SPECIAL SIZES" is necessarily a little higher due to resetting of the looms. Special Sizes

sometimes require 1 to 2 weeks longer than "regular sizes."

### No Need to "Put Up" with Misfit Rugs

Nothing mars the beauty of a room so much as a misfit rug—one too small—too short—or too narrow. The popular trend is to use full size rugs covering most of the floor which gives a room spaciousness and adds an atmosphere of charm and distinction. Why be satisfied with ordinary, one-sided rugs in a few sizes cut from rolls when you can order deep-piled, seamless *Reversible Broadloom Rugs* from the Olson factory in the right "finished custom-made size" at half the cost?

# DECORATING HELPS

## *A few Simple Rules to Guide You*

*By our Decorating Expert, whose Advice is Free to Olson Customers*

**T**HIS book brings you the new trends—the smart, up-to-the-minute new rug colors and patterns. All are designed to make your home a lovelier, friendlier, more comfortable place in which to live.

In these pages, American women of taste and refinement are offered the kind of rugs they would choose if price were no object—rugs of such distinction, at prices so temptingly low, that one is eager to find a place in one's home for every pattern shown.

### **Modern Decorating Demands "Livable Rooms" and "Colorful Harmony"**

Through her new knowledge of decorating, the modern woman knows that the rug is the keynote—the *background* of the entire room. She appreciates the need for a *background* of beauty.

Perhaps no other single decorating item in a room can transform it so completely and inexpensively as the fresh beauty of a luxurious, Modern Olson Reversible Broadloom Rug.

Surely none of us want our homes to be exactly like those of our friends or neighbors. Let your own good taste be your guide in planning rooms that are distinctive. Remember, this is an age of **COLOR**. Don't be afraid to use it freely. Colorful rooms chase away cares of the day. Rugs can help more than anything else.

An inferior rug spoils the beauty of everything that comes near it—and measured by years of satisfaction, a cheap, poorly constructed rug costs more than a good rug.

### **What Size Should a Rug Be?**

**T**HE trend today is to show less bare floor space around the rug. This is accomplished by the use of a larger rug which gives a feeling of luxury and spaciousness and pulls everything together better. But in many homes with fine wood floors, a larger margin around the rug is still preferred. It is entirely a matter of taste. There are no hard and fast rules. Usually, however, a rug that is too small

makes a room appear smaller and a pleasing arrangement difficult.

Owing to the limited number of sizes offered by rug stores, many women select rugs not suited to their rooms; and nothing mars the beauty of a room so much as a misfit rug—one too small—too short—or too narrow.

The Olson Rug Co. have entirely eliminated the necessity of using misfit rugs by weaving Unusual Sizes and Large Rugs for *every need*—*Reversible Rugs* that may be **TURNED FOUR WAYS** to distribute the wear at doorways, in front of chairs, etc.

### **Avoid Misfit Rugs**

For instance, you can imagine how out of place the ordinary 9x12 foot rug would look in a square room. In these pages you will find such unusual sizes as 9x9 feet, 10x10 feet, 11x12 feet, etc.

Adjoining rooms connected by wide doorways may be effectively treated by using rugs in the same color or design,

*Wine Red — a rich new color*

though this is not necessary. Rugs in adjoining rooms, however, should harmonize.

The use of only scatter rugs in living rooms is seldom successful, for they make a room seem smaller and more cluttered. A larger rug offers a richer and more spacious effect. If a solid or two-toned rug is used, scatter rugs in contrasting colors, or in a design, may be thrown over the large rug for protection in front of davenport, easy chair or fireplace, and at thresholds, giving a colorful note of interest. Scatter rugs must be laid parallel with walls.

### **A Few Fundamental Rules**

**A**S a general rule rugs should be darker than the walls or ceilings, but pleasing effects are possible through the use of light rugs in rooms with darker walls.

If you select a richly figured rug, it will be more harmonizing to have the walls and hangings conservative in pattern. Solid colors, two-tone and tweed blends however, may be used anywhere with all types of furniture. They are in excellent taste. Many of the finest homes are furnished with them throughout.

In your living room, place your furniture in friendly, conversational groups arranged for easy use. Avoid placing chairs stiffly along the walls. Plan furniture arrangements to balance in height. Place largest pieces against largest wall areas. Large pieces should always be parallel or at right angles to wall—never diagonal. Enliven your rooms with a colorful chair, lamps, pillows.

(Above) The correct size rug gives a room spaciousness.

(Below) A rug that is too small makes a room look bare.

## Ovals for Charm

THINK of the many places where you can use an oval rug: in bedrooms, at the foot of stairs, in front of davenport, easy chair or fireplace to protect your larger rugs. Wherever there is unusual wear, one of these appealing ovals will help to prolong the life of your larger rugs—and add a charming, decorative note. At these amazingly low prices we feel sure you will want to include one of these lovely ovals in your order.

## HERE'S PROOF That Olson Reversible Rugs Last Twice as Long

The Pittsburgh Testing Laboratory, outstanding engineers and chemists for nearly sixty years, made these tests on a government type testing machine designed by U. S. Bureau of Standards at Washington. They chose two 9 x 12 ft. Olson Rugs about to be shipped to customers and compared them with two 9 x 12 ft. rugs bought by mail from other sources and selected because they resembled in color and pattern and were identical in price to the Olson Rugs.
